This early form of taking sides helped organize societies but also led to frequent conflicts, driven by loyalty and competition over resources.

Classical Antiquity and Political Divisions

The classical period saw the emergence of more formalized political factions and ideological conflicts:

- Greek City-States: The Peloponnesian War (431?404 BC) exemplifies how city-states like Athens and Sparta took sides, leading to a protracted conflict that shaped Greek history.
- Roman Republic and Empire: Political factions such as the populares and optimates represented differing visions for Rome's governance, demonstrating ideological taking sides.
